Monster Broom / Double-Play Monster Broom

Assembly Instructions

Tools Needed for Assembly:

- 7/16" wrench (two)

Parts Shipped with Unit:

- Head
- Fluted Handle (2)
- Curved handle w/ rubber grip
- Bolt bag

Assembly instructions for handle:

1. Insert each end of the padded handle into the open end of each ribbed handle. After making sure the arrows on the ribbed handles face inward (toward each other), align the holes and position the hook for each handle, as shown, and insert the longer bolts.
2. Align holes in slotted end of each ribbed handle over the holes in the head. Insert shorter bolts.
3. Tighten all loc nuts, being careful not to over-tighten. Over-tightening may result in crushing the handle, thereby compromising its strength.

Assembly Instructions for Brush Replacement:

1. On one end of broom head, remove the two screws and end cap.
2. Holding broom securely, pull out each row of bristles. NOTE: This may require some effort, as bristles are tight.
3. Make sure bristle channel(s) are clean.
4. Slide replacement bristle(s) into channel. Light tapping with a hammer may be required.
5. Replace end caps and screws.

FULL WARRANTY

All Seymour Midwest products carry a full warranty against manufacturer defects in quality and workmanship. Products which have been abused or worn out from normal use are excluded from this warranty. We reserve the right to replace or issue credit on an individual basis.
